REFERRAL LETTERS

December 2009

Dear Geof,

I want to personally thank you and your team for the expertise, professionalism, courtesy, promptness, reliability and dedication which everyone from GSS has demonstrated in every instance throughout our relationship. This is rare and I'm very impressed with the way you conduct your business. We've dealt with quite a few contractors in the "finish out" phase of our new home in Whitefish, and I'd love to bottle a strong dose of the way you guys work and administer it to the others I've had to deal with during this process.

Thank you! You guys rock!

Please feel free to share this with others, and have them call me at 406-257-6094, or on my cell at 214-923-4110, or email me at alan.cayton@gmail.com if they have any questions.

**Sincerely,
Alan Cayton**
